

# Minutes of the WG4 meeting - 2015-12-15

**Present:** Egon Willighagen, Christoffer Åberg, Freddie Ehrhart, Linda Rieswijk, Johannes Pelzer (DGUV-IFA)

**Regrets:** Richard Marchese Robinson

**Next meeting:** Tuesday January 12th 2016, 15 CET

## Announcements

- 2nd Nanosafety Forum for Young Scientists, [Visby](#), Gotland, Sweden, mid-September, 2016
- New data for the “Nov 23rd Brussels meeting”: 25 January, DG RTD, Covent Garden, Place Charles Rogier, Brussels.

## eNanoMapper update

- first eNM ontology meeting at 2nd Dec, Leiden/NL
  - some 30 participants, eight in person, many online
  - presentations in the morning
  - afternoon hackathon topics:
    - eNanoMapper - NANoREG mapping work (main purpose of this ontology workshop)
    - image and quantum mechanics descriptors
    - JSON config for [nmdataparser](#) for [NanoNextNL](#) spreadsheet templates
    - annotation of MARINA templates with eNanoMapper ontology terms
    - explore usefulness of the ENVO
- Current [development ontology](#) can now easily be loaded in Protégé.
- looking for feedback for:
  - the new eNanoMapper [search interface](#) proposal
  - [renm](#), an R package for the eNanoMapper API

## WG4 Website updates

- two tasks are retired (moved to an archive)
- updated some other pages

## Conferences

- [SWAT4LS](#), Cambridge
  - relevant highlights: [Wikidata](#), Webulous (see [example with the eNanoMapper ontology](#))
- BioMedBridges meeting, Dec 1, Amsterdam
  - ELIXIR Tools and Data Services Registry, <https://bio.tools/>

## Other points/information

- idea discussed for a ontology workshop with and around the NECID database
  - Action: Johannes, Egon/UM to email about this
