

DLS Training

Theory Session

Mediterranean Conference Centre Valletta – 11th September – 15:30-17:30

Dynamic Light Scattering: Measurement Principle, Correlation, Size Algorithms & Size Distributions
Electrophoretic Light Scattering (Electrokinetics, Phase Analysis Light Scattering & Analysis Options)

Hands-On Small Group (c. 6 ppl) Training

Chemistry Department at the University of Malta – 12th September

Instrument verification, Sample preparation, Measurement set up in the software and, Data and Result Interpretation
