

The operation of the US-EU Communities of Research (CoRs)

Mark R. Wiesner

Duke University

Former US Chair- Risk Assessment CoR

7 CoRs

Risk Assessment

Databases & Computational Modeling for NanoEHS

Exposure through Product Life

Risk Management & Control

EcoToxicity

Human Toxicity

Characterisation

coordinator

Stacey Standridge

<https://us-eu.org>

US lead

Activities

- Annual meetings
- Phone/ video conference meetings (some groups)
- Scrimmages
- Publications

Going forward

- What are the challenges that US EU cooperation should address?
 - Tests for product safety
 - Data platforms
 - Ensuring scientific input into regulatory activities
- How best to address these challenges?
- Finding the resources
