

WG7: Dissemination

*Alex Rinkus (presenting), Sean Kelly, Judith Friesl,
Claire Mays, Lesley Tobin, Maxence Viallon,*

WG7 Update: Activities

Main group

- 3 Teleconferences assessing status and identifying ways to improve services to Cluster
- 2016 Compendium
- Autumn 2015, Spring 2016 Newsletters
- Website maintenance and improvement
- Cluster survey

Subgroup: Training

- Established and hosting regular meetings

Subgroup: Standardization

- 2 runs of the nanoSTAIR semantic analysis tools on project deliverables to help orientate the results to the right standardisation TC and group (NanoReg, GuideNano)

WG7 Update: Survey

- NSC Survey
 - 16 questions, 50 responses
- Objectives
 - Evaluate effectiveness of NSC dissemination
 - Identify our effective tools/tactics and ones to improve
 - Collect feedback on improving cluster engagement in dissemination
- Conclusions
 - Members want internal dissemination activities to increase networking and information-sharing across the Cluster and with EC
 - Help projects connect and stay informed in order to build on results
 - Use existing tools more often such as by sending project newsletters to Cluster
 - Targeted external dissemination that facilitates one-on-one or face-to face networking that advances project objectives is most beneficial.
 - People don't want to talk just for the sake of talking
 - Dovetails with Iseult's proposal for meeting format that fosters WG exchanges with practical outputs
 - NanoSafety Cluster Conference
 - Test event at Malaga Conference in February 2017
 - Full conference in 2018

WG7 Update: Next Steps

- Survey result implementation
 - New tools (Powerpoint, flyer)
 - **Can be updated for your specific conference uses**
 - New process for quarterly newsletter (next slide) and project newsletters to be shared via Twitter.
 - Improve NSC LinkedIn group and Twitter; Add YouTube channel (e.g. with Visby Young Scientists)
 - WG teleconference to evaluate additional steps and availability for implementation

NSC Newsletter Update

- To ensure that the newsletter appears on a quarterly basis and that it is not too long, firm deadlines will be observed (these dates will be circulated):
